

# LTCC MULTILAYER CIRCUITS

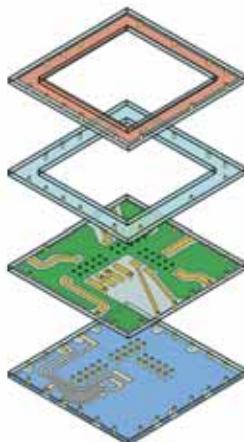

Barry engineers can help you see the possibilities.

DESIGN • FOUNDRY • PRODUCTION

We have the tools and experience to make your vision a reality.

**The Barry Advantage** - We bring state-of-the-art packaging and circuit realization to the Microwave and RF field with tools and experience in place to aid you in your design. Barry provides a complete range of services from circuit concept, mechanical and electrical modeling, to final production. Use our proven design experience to your advantage.

- DC through Millimeter Wave Operation
- Complete Transmitter/Receiver Designs
- Filter Designs
- Subsystem Designs
- Integrated Passive Components
- Foundry or Complete Design Capabilities
